Hm, I agree, it does look like that. But I think because he is writing in the context of GKM, it should get processed by the EOC. That said, I will also send it as an heads up to just Nancy so if she doesn't see it come to her in the next 2 hours or so, she can track it down.

Sound good?

I first thought of sending him to EOC, but his looks as though it might be regular OSWER. What do you think?

Subject: Gold King Mine inquiry

Hello,

I'm a journalist with onEarth magazine, a publication of the Natural Resources Defense Council. I'd like to write an explanatory piece on a basic question: How do government mine inspectors do their jobs? In all the coverage of the Gold King Mine incident, I don't feel this has been adequately addressed.

Is there someone at EPA available to talk me through this basic process? I'm on a deadline of tomorrow (Tuesday) at 2 pm Eastern time. You can reach me at this email or at 212-727-4643.

Thanks very much for your help.

Brian
